Morrow Bakehouse: Image Prompts

The site uses 17 images. Each one has a numbered placeholder showing the ID below. Generate each image, save it in the images folder under the listed name, then change its path from .svg to .jpg.

Add this style to the end of every prompt

Natural documentary food photography, warm low-key light from one side, deep indigo and warm amber tones, visible flour and crust texture, shallow depth of field, no text, no logos, no people's faces.

Prompts

For product images (IMG-07 to IMG-14), keep the product centered and fill about 70% of the frame so the hover zoom does not crop it.
